DIRECTIONS

We are right in the center, only a 5 minute walk from Puerta Real (Fuente de las Batallas) which is considered the central point of town. Getting to Puerta Real is always easy and if you are lost or in doubt anyone can help you finding your way as everyone knows where it is.

WALKING FROM PUERTA REAL TO OUR PLACE

There are three consecutive squares from Puerta Real to La Casa de Víctor, each with a fountain in the middle: Acera del Casino (also known as Fuente de Las Batallas), Plaza del Campillo and Plaza Mariana Pineda, from which our Street begins. The street is to the left of the well-known Café Fútbol. If in doubt look for the sign with the name of the street on the wall in the corner. Walk one block until you get to street Mirasol. Here you will see a Hairdresser on your left and in front of it to your right our front door; it is marked with number 22 on top of it. Outside the door, in the street, there is a set of ring-bells. Ring the bell that reads 2B so that we can open the front door for you.

To get to Puerta Real follow directions below depending on where you are coming from:

FROM THE AIRPORT TO PUERTA REAL

Take the airport bus and get off at “Acera del Darro / Fuente de las Batallas” which is the next stop after the Cathedral. If not sure, ask the driver. Alternatively, a taxi from the airport to our front door would cost you about 28 Euros. Time to get to my place by taxi, 30 minutes: Time to get to my place by bus (60 minutes)

FROM THE RAILWAY STATION TO PUERTA REAL

Go straight up Avenida Andaluces from the Railway Station (500 meters) onto Avenida de Constitución. On your right, on Avenida de Constitución, you will see the stop for the LAC bus line. Buses run every 3 minutes or so. Buy the ticket from the machines on the platform before getting on the bus. Otherwise, you can get a fine. These buses have a screen inside showing the name of the stops. Get off at “Fuente de las Batallas” and from there follow the directions on top of this page. Time to get to my place 25 minutes

The Railway Station is 2.5 kilometres away from the centre. It is safe to walk all the way from the Railway Station to our place even at night but please note it will take about 30 minutes without luggage and most probably around 45 minutes with luggage.

Alternatively, a taxi from the Railway Station would cost about 7 Euros. Time to get to my place 10 minutes

FROM THE BUS STATION TO PUERTA REAL

The Bus Station is not in a nice area and it is outside town about a 90-minute walk from us. It could be dangerous at night and even at midday is a very unpleasant part of the city. Please do not walk from there! Do not put yourself at risk to save a couple of euros. Save money in other things.

Take bus SN1 that is the only direct bus from the Bus Station to the centre. Buy the ticket from the driver. Get off at La Fuente de las Batallas (Acera del Darro, 40) and from there follow the directions on top of this page. Time to get to my place, 45 minutes.

Alternatively, a taxi from the bus station would cost you about 10 Euros. Time to get to my place, 15 minutes.

BY CAR

If you have your own **CAR** please note most of the streets in our area are only for residents, and parking in our street is not only forbidden (not even to drop off your luggage) but physically impossible as the street is very narrow. Finding a free street space to leave your car in the centre is also impossible so, you would either have to leave it outside the centre and then walk (which is a cheap and wise option) or leave it in a car park.

If you want to leave the car close to us in a car park there are two convenient places nearby. **Parking Puerta Real** is the easiest to reach, it is big and modern, but it is expensive, it costs 25 Euros per 24 hours. To get to this car park follow directions to Puerta Real below. **Parking La Carrera** on calle Nicuesa, 9 is the closest to us (only 50 meters) and also de cheapest (it costs 10 Euros per day for bikes and 17 Euros per day for cars) However, it is small and quite difficult to get to. If you want to get to this car park you will definitely need a GPS. Its coordinates are 37°10'15.7"N 3°35'42.4"W.

To get to Puerta Real by car take highway A-44 / E-902 to Motril and take turn off number 131 (Palacio de Congresos / Armilla). Please! Ignore whatever your GPS says. You must take the take-off that I have indicated otherwise your GPS might send you through streets that are only for residents and as a result you could easily be fined. If you are coming from Motril take turn off number 132 instead. Same advice as before applies. 500 meters pass the Conference Centre turn left and cross the river at "Paseo Del Salon" into "Acera del Darro" and then "Puerta Real".

If you want to find a free street space, I recommend you go to the southeast area across river Genil from the centre. To get there follow the same directions above but ignore the bridge after the Conference Centre and continue along the river on "Paseo de los Basillos", then turn right onto "Callejon del Pretorio" and start looking for a free space. Always keep the river behind you. The further from it the greater your chances of finding a space will be (Have a look at the map below)

Expect a 10 to 20 minute walk from the car to the B&B.
